

Clean Energy. Creating Jobs.
Doing What's Right for Virginia.

THANK YOU
CONGRESSMAN McEACHIN

DONALD McEACHIN IS DIFFERENT. HE'S NOT A TYPICAL WASHINGTON POLITICIAN.

He's focused on improving things for Virginia families.

That's why he's leading the fight to move our country to **100% clean energy** like wind and solar — **to protect our kids** from asthma attacks, pollution, and climate change, while spurring innovation, creating jobs, and **saving Americans thousands of dollars** a year in energy and health care costs.

**CALL CONGRESSMAN McEACHIN:
804-486-1840
Thank him for strengthening Virginia.**
