Thank You
Congresswoman Betty Sutton

The American Clean Energy and Security Act =
More Ohio Jobs

Last month, Congresswoman Betty Sutton voted for the American Clean Energy and Security Act. It will boost clean, American-made energy and help companies in Ohio hire more workers.

The legislation will jump-start demand for steel for wind turbines, energy efficient windows for new construction, and thousands of other products made in America.

And it will cut oil imports by $20 billion a year. That means a better future for our children.

Rep. Betty Sutton:
Thank you for Creating New Opportunities for Ohio Small Business and Future Generations
