

# Thank you Congresswoman Marcia Fudge

## ***The American Clean Energy and Security Act = More Jobs for Ohio***

Last month, Congresswoman Marcia Fudge voted for the *American Clean Energy and Security Act*. It will boost clean, American-made energy and could help companies in Ohio hire 67,000 more workers.\*

The legislation will jump-start demand for steel for wind turbines, energy efficient windows for new construction, and thousands of other products made in America.

And it will cut oil imports by \$20 billion a year. A good deal for Ohio and America.
