Last month, Congresswoman Suzanne Kosmas voted for the American Clean Energy and Security Act. It will boost clean, American-made energy and could help companies in Florida hire 95,000 more workers.*

The legislation will jump-start demand for solar powered technology, and thousands of other products made in America.

And it will cut oil imports by $20 billion a year. A good deal for Florida and America.

Rep. Suzanne Kosmas:
Thank you for Creating New Opportunities for Florida Small Business
