When special interests moved to block clean air and climate action in Congress, Rep. Carlos Curbelo stood up for our kids. He voted to support steps that will make our air cleaner and allow America to begin finding solutions to the threat of climate change.*

Carbon pollution means more asthma attacks for children and the elderly, and a more dangerous future for all of us. So thanks to Rep. Carlos Curbelo for doing the right thing.

*Congressional Record, 7/12-14/2016. "No" vote on amendment #1292 and "Yes" votes on amendments #1305, 1307 and 1309 to HR 5538.
