When special interests moved to block clean air and climate action in Congress, Rep. Ileana Ros-Lehtinen stood up for our kids. She voted to support steps that will make our air cleaner and allow America to begin finding solutions to the threat of climate change.*

Carbon pollution means more asthma attacks for children and the elderly, and a more dangerous future for all of us.

So thanks to Rep. Ileana Ros-Lehtinen for doing the right thing.

*Congressional Record, 7/12-14/2016. “No” vote on amendment #1292 and “Yes” votes on amendments #1305, 1307 and 1309 to HR 5538.
