
When special interests moved to block clean air and climate action in Congress, Rep. Kyrsten Sinema stood up for our kids. She voted to support steps that will make our air cleaner and allow America to begin finding solutions to the threat of climate change.*

Carbon pollution means more asthma attacks for children and the elderly, and a more dangerous future for all of us. So thanks to Rep. Kyrsten Sinema for doing the right thing.

*Congressional Record, 7/12-14/2016. “Yes” votes on amendments #1305, 1307 and 1309 and “No” vote on amendment #1292 and final passage on HR 5538.
