

SENATOR FLAKE: SIDED WITH SPECIAL INTERESTS INSTEAD OF TAXPAYERS AND FAMILIES. HE CHOSE WRONG.

For months now, industry lobbyists have been trying to get Senator Flake to roll back common-sense standards that reduce natural gas waste, save taxpayer money, and protect public health. Unfortunately, Senator Flake voted to help the special interests instead of taxpayers and families. Arizona families deserve better.

Call Senator Flake. Tell him it's time to stand up to special interests, and put the interests of Arizonans first.

May 10, Senate Vote 125, H.J.Res. 36
